

Success Story

WCI Program: WIA Adult
Date: September 15, 2015

Mathew came to Workforce Connections with years of welding experience, a criminal record and was having a hard time finding a job. After meeting with his Employment Coordinator he decided to enroll in a welding skills institute held by Western Technical College.

The 12-week institute, held in Black River Falls, helped Mathew with his technical welding skills, which helped him find a temporary job at Bimbo Bakery. A few months later, he applied and was hired at Trane Company. He has been employed at the company since the end of July and enjoying his time there. Mathew believes perfect timing and the certificate he earned through the welding skills institute is what led to his employment.

Looking to the future, Mathew would like to continue his education in machining or welding.
